

FX Primus Trust

The FXPRIMUS Trust (“The Trust”) has been created in order to provide an additional layer of asset protection to the clients of FXPRIMUS Limited— an Online Forex Broker that offers traders a platform in which to trade currency.

Funds held in Trust accounts are completely segregated from the assets of FXPRIMUS Ltd. These funds are held by an independent custodian Trustee, NinetyEast Trustees (Mauritius) Limited.

The trust concept is firmly established in many countries around the world including most of the leading offshore jurisdictions (international financial centres). This unique arrangement allows an individual (the “Client”) to transfer assets to a third party (the “Trustee”) to be administered for the protection of the Client’s assets strictly in accordance with the provisions of a document (the “Declaration of Trust”). Any act or neglect on the part of the trustee which is not authorised or excused by the terms of the Declaration of Trust is a breach of Trust. It is important to understand that a trust does not have a legal personality of its own (whereas, for instance, a company or a foundation does).

An international trust is generally very similar to a family trust, with the main variation being that FXPRIMUS Ltd. setting up the trust, cannot be a trustee and has to appoint a professional trustee resident in the country in which it wants the trust to be resident. Trading and decision rights still remain the sole responsibility of the client as per their original trading agreement with FXPRIMUS Ltd.

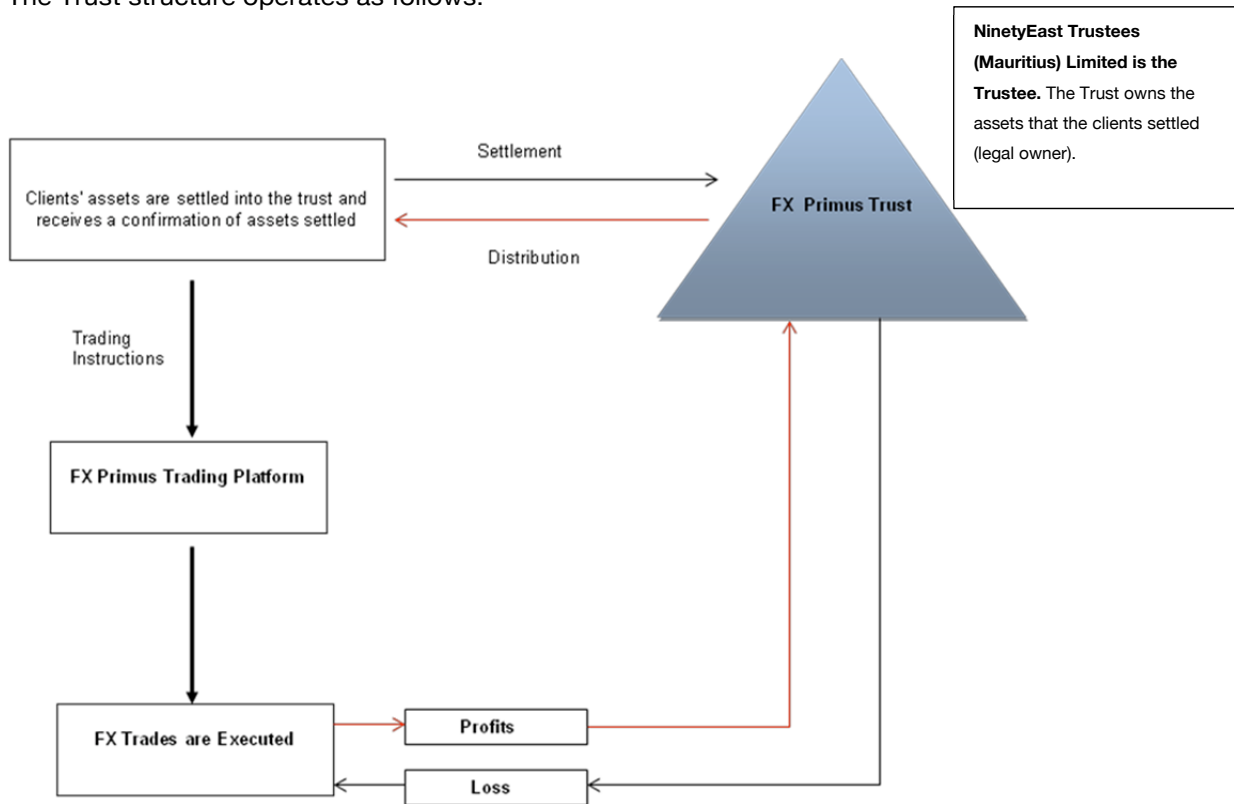

Each Client with secured assets in the Trust can withdraw available funds as per the terms prescribed in the individual trading agreement with FXPRIMUS Ltd.

The Structure

Objective: To hold the assets settled by FXPRIMUS Ltd in a secure manner, for the protection of the Client and to segregate client’s funds from the assets of FXPRIMUS Ltd. Use of the Trust account will entitle a Client to receive confirmation of his asset protection held in custody and will grant him access to a help desk support.

Overview of structure: The assets are held in an FXPRIMUS Trust account. The client will still manage his or her assets as per his or her trading agreement with FXPRIMUS Ltd. Disbursements from the Trust will only be effected upon an authorised instruction received from FXPRIMUS Ltd payable to the Trader or the Client.

The Trust structure operates as follows:

Notes

- Subscription fee = USD50 (for life);
- The assets of Clients utilising the FX PRIMUS Trust will be completely segregated from FX PRIMUS Limited assets;
- As usual, all requests to fund a Forex trading account or to withdraw assets are made via the Member's Area of the FX PRIMUS website;
- Forex trading on the FX PRIMUS Ltd platform will be done by the Client or his appointed manager;
- Clients utilising the FX PRIMUS Trust will have access to call centre support during Mauritius office hours;
- Complete call centre details are provided upon successful completion of the Trust application;
- Full trading reconciliation will be monitored by NinetyEast Trustees (Mauritius) Limited.
